

Remarks

The present amendment is supplemental to the preliminary amendment filed in the above-referenced case on June 22, 2006; and adds claims 57 and 58 as new claims for examination. RCE is to request further examination for the above-referenced case, in response to the Final action mailed on December 13, 2005.

The applicant is confident that the art cited and applied does not teach the patentable features of these claims, and therefore solicits allowance, and that the case be passed quickly to issue.

If there are any fees due beyond any fees paid by check with this response, authorization is given to deduct such fees from deposit account 50-0534.

Respectfully,
Dan Kikinis
